

ASYLUM, MIGRATION AND INTEGRATION FUND (2014-2020) 2015 CALL FOR PROPOSALS – HOME/2015/AMIF/AG/INTE

INTEGRATION

1. INTRODUCTION

The European Union's objective to constitute an area of freedom, security and justice should be achieved, inter alia, through common measures framing a policy on asylum and immigration, based on solidarity between Member States, which is fair towards third countries and their nationals.

In order to contribute to the development of the common Union policy on asylum and immigration and to the strengthening of the area of freedom, security and justice in the light of the application of the principles of solidarity and responsibility-sharing between the Member States and cooperation with third countries, the Asylum, Migration and Integration Fund (AMIF) was set up. It aims at supporting actions to contribute to the efficient management of migration flows and the implementation, strengthening and development of a common Union approach to asylum and immigration.

In May 2015 the European Commission adopted the European Agenda on Migration (EAM), which brings together the different steps the European Union should take now, and in the coming years, to build up a coherent and comprehensive approach to reap the benefits and address the challenges deriving from migration. It sets out four levels of action for an EU migration policy which is fair, robust and realistic. When implemented, they will provide the EU with a migration policy which respects the right to seek asylum, responds to the humanitarian challenge, provides a clear European framework for a common migration policy. This will be achieved by reducing the incentives for irregular migration, improving border management, promoting a strong common asylum policy, and proposing a new policy on legal migration.

Legal basis of AMIF are the following regulations:

- Regulation (EU) No 516/2014 of the European Parliament and of the Council of 16 April 2014 establishing the Asylum, Migration and Integration Fund (OJ L 150 of 20 May 2014)
- Regulation (EU) No 514/2014 of the European Parliament and of the Council of 16 April 2014 laying down general provisions on the Asylum, Migration and Integration Fund and on the instrument for financial support for police cooperation, preventing and combating crime, and crisis management (OJ L 150 of 20 May 2014).

The AMIF Regulation sets out four specific objectives, respectively to:

- (i) strengthen and develop all aspects of the Common European Asylum System, including its external dimension;
- (ii) support legal migration to the Member States in accordance with their economic and social needs, such as labour market needs, while safeguarding the integrity of the immigration systems of Member States, and to promote the effective integration of third-country nationals;
- (iii) enhance fair and effective return strategies in the Member States which contribute to combating illegal immigration, with an emphasis on sustainability of return and effective readmission in the countries of origin and transit;
- (iv) enhance solidarity and responsibility-sharing between the Member States, in particular towards those most affected by migration and asylum flows, including through practical cooperation.

In conformity with Regulation (EU) No 514/2014 Article 6(2), in order to implement the AMIF, the Commission has adopted, on **3 August 2015**, the 2015 Annual Work Programme for Union Actions, which includes this Call for Proposals.

Since the beginning of this year, the EU has witnessed a dramatic increase of migratory flows through its borders. This unprecedented influx, largely composed by people seeking international protection, constitutes a challenge for the European Union and its Member States not only in terms of reception, but also in terms of their longer term integration in the host society. Asylum seekers and refugees, in particular, constitute an extremely vulnerable group, due to the sufferance they escaped and lived through during their journey to flee their own country.

In its Communication "A European Agenda for Migration"¹, adopted last 13 May, the Commission announced that it would *"support Member States in promoting a permanent dialogue and peer evaluation at European level on issues such as labour market gaps, regularisation and integration"*, while underlining the importance of ensuring synergies among different EU Funds² to implement measures for the integration of migrants.

While integration remains a policy of primary national competence, the EU action in this field has played a crucial role in providing support and incentives to Member States' national integration measures, also through the previous European Fund for the Integration of Third-Country Nationals. The Asylum, Migration and Integration Fund will continue promoting integration through the financing of concrete actions and transnational projects.

The 2015 Commission Work Programme identified 2 priorities for action: the integration of migrant women, and the integration in the work place.

Migrant women often suffer from lower integration rates than migrant men, as they face additional discriminations and challenges in their access to, for instance, education and to the labour market etc. in the receiving country.

The work place is one of the most prominent areas for migrants' integration and employers have a fundamental role to play in promoting the integration of migrants and thereby in realising the benefits of migration. More generally, employers can also play a role as advocates of migrants' contributions to the local economy and stimulate a more positive discourse around migrants contributing to their better integration.

¹ COM(2015)240 final.

² Such as the Asylum Migration and Integration Fund (AMIF), the European Regional Development Fund (ERDF), the European Social Fund (ESF), and the Fund for the European Aid to the Most Deprived (FEAD).

2. PRIORITIES OF THIS CALL FOR PROPOSALS

The present Call for Proposals aims at funding transnational projects to foster integration of third country nationals in the Member States of the European Union.

Project applications submitted under the present Call for Proposals should build onto the results of previous projects and must address either priority 1 or 2 presented below or both priorities and be designed to achieve one or several outcomes defined under each of the two priorities.

Priority 1: foster integration of migrant women.

Outcome 1.1: Share knowledge and experiences of actions to support migrant women, in particular beneficiaries of international protection, in their language learning, access to accommodation, access to health care adapted to their particular needs and access to vocational training and targeted assistance in seeking employment, including through services facilitating the balance with private and family life such as childcare services and care for other dependent persons.

Outcome 1.2: Implement concrete initiatives fostering the integration of migrant women, including asylum seekers and beneficiaries of international protection, in the receiving society (through training, educational and recreational activities, vocational training, help to access to the labour market, anti-discrimination projects and cultural initiatives that promote inter-cultural dialogue and a culture of welcoming communities).

Outcome 1.3: Contribute to building capacity in countries and domains where measures targeting women (e.g. aimed at minimising their isolation and ensuring their participation in local social life), in particular asylum seekers and beneficiaries of international protection, are still lacking.

Priority 2: facilitate the access to work and foster integration in the work place.

Outcome 2.1: Implement concrete initiatives aimed at facilitating the access to work of migrants and, in particular, beneficiaries of international protection (and asylum seekers having a legal access to the labour market), through inter alia labour market information, language and vocational training, skills assessment, information on recognition of qualifications and contact with potential employers.

Outcome 2.2: Identify examples of and contribute to the role migrants entrepreneurs can play to foster integration.

Outcome 2.3: Stimulate methods for engaging with employers and social partners in the integration process, and ensure that a better integration is reached in the work place through the promotion and effective management of diversity.

Outcome 2.4: Exchange of experiences of initiatives involving employers in integration efforts, for example through training, mentor projects, start-up support programmes, diversity management or promotion of integration in the work place. Such initiatives can involve employers (including public administrations), social partners, migrant organisations and other relevant stakeholders.

Under priority 2, projects can target both migrants that are not yet/and not any more in employment ("access to work"), as well as migrants having a job ("integration in the work place").

Considering the existence of already-established tools in the field of integration (manuals, handbooks, etc...), proposals should aim at having a direct impact/effect on third-country nationals through the implementation of concrete integration actions. This will be evaluated under the relevance criteria.

Any actions under this Call for Proposals shall respect and shall be implemented in line with the rights and principles enshrined in the Charter of Fundamental Rights of the European Union and the relevant return *acquis*. Applications should pay appropriate attention to the effects of the project on individual rights and freedoms, as well as to possible remedies. In addition, any action under this Call for Proposals should comply with all relevant ethical principles and all applicable international, EU and national law on ethical issues while carrying out the project.

8. SELECTION CRITERIA

8.1. Financial capacity

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out and to participate in its funding.

Financial capacity will be assessed on the basis of the following values and ratios:

1. The ratio between the grant requested and the operating income, and the ratio between the grant requested and the total assets should not be excessive, both for the Applicant and Co-applicants.
2. The Applicant and Co-applicants will be assessed against the following ratios⁸:
 - general liquidity: current assets/current liabilities
 - financial independency: own funds/(total liabilities + own funds)
 - indebtedness: own funds/(own funds + long-term liabilities)
 - profitability: gross operating profit⁹/operating income
 - self-financing capacity: net result + amortisation + depreciation.

In case of low financial capacity, the Commission may decide the following:

- request further documents;
- request budget modifications / reallocations of costs;
- introduce interim payments based on interim reports;
- modify pre-financing percentage.

In case of insufficient financial capacity, the Commission may decide the following:

- request a change of Co-applicant;
- reject the application.

Supporting documents: The Applicants' financial capacity will be assessed on the basis of a Declaration of Honour to be provided by the Applicant (Annex 1) and each Co-applicant (Annex 2) which must be printed out, signed by the authorised signatory and included (as a scanned document) in the Application Package, as well as the following supporting documents to be submitted with the application:

- completed Financial Capacity Form (MS Excel file - Annex 4);
- the profit and loss account and the balance sheet for the last financial year for which the accounts were closed (Annex 5).

⁸ In the following ratios, '/' stands for 'divided by'.

⁹ Gross operating profit is calculated by adding back amortisation and depreciation to the operating profit.

For newly created entities, the business plan including the starting financial statement may replace the above documents.

In addition, for Applicants and Co-applicants applying for grants \geq EUR 750.000, an audit report produced by an approved external auditor certifying the accounts for the last financial year available must be provided.

The financial capacity assessment is not applicable to public bodies and international organisations. Therefore they do not need to submit any supporting documents for financial capacity.

8.2. Operational capacity

Applicants must have the professional competencies as well as appropriate qualifications necessary to complete the proposed action. This capacity shall be assessed based on the experience of the Applicants and each Co-applicant or, as an alternative, on the relevant experience of their directly involved employees.

Supporting documents: The Applicants' operational capacity will be assessed on the basis of a Declaration of Honour to be provided by the Applicant (Annex 1) and each Co-applicant (Annex 2), which must be printed out, signed by the authorised signatory and included (as a scanned document) in the Application Package, as well as the following supporting documents to be submitted with the application:

- a lists of previous EU funded projects and activities implemented by the Applicant and Co-applicants in the last 4 years (to be indicated in the Application Form, section 2.2)
- or, where the Applicant or Co-applicant have not carried out any EU funded projects, a list of projects (similar in size and resources managed to the one described in the application) carried out by the Applicant and Co-applicants (Annex 6)
- or, where the Applicant or Co-applicant have not carried out any relevant project, the curriculum vitae and/or description of the profile of the people primarily responsible for managing and implementing the project activities (Annex 6).

The operational capacity assessment is not applicable to public bodies and international organisations. Therefore they do not need to submit any supporting documents for operational capacity.

9. AWARD CRITERIA

Eligible applications and their proposed action will be assessed on the basis of the following award criteria:

- **Relevance:** applications will be assessed on the extent to which they match the priorities and expected outcomes as identified in this Call for Proposals (section 2 above) and in the relevant EU strategic documents and/or action plans (section 1 above), and on whether the expected impact will be significant on the selected priority(ies) (30 points)

Applications receiving less than 21 points for the "relevance" criterion will not be evaluated further.

- **Quality:** applications will be assessed with regards to the appropriateness of their design and planned implementation, taking into account the envisaged activities, methodology, organisation of work and strategy for project management, evaluation and dissemination (20 points)
- **Cost-effectiveness:** applications will be assessed with regards to whether the costs of the proposed action are adequate to the activities and proportionate to the expected results (30 points)

- European added value: the project activities, outcomes and impact should have a broad EU relevance; applications will be assessed on whether a suitable number of countries is involved in the project activities and on whether the expected impact will concern a significant number of countries (20 points).

Applications that pass the threshold of minimum 65 points will be considered for funding within the limits of the available budget. The European Commission will then prepare an award decision listing the projects proposed for award, projects on reserve list and rejected projects.

10. LEGAL COMMITMENTS

A Commission award decision does not represent a legal or financial commitment. The award of each grant is subject to the conclusion of a Grant Agreement in writing.

In the event a grant is awarded by the Commission, a Grant Agreement, drawn up in euro and detailing the conditions and level of funding, will be sent to the Coordinator, as well as instructions on how to formalise the obligations of the parties. Please note, that if international organisations are involved in the application, no other specific clauses applicable to international organisations than the ones already included in the Grant Agreement template will be added.

Please note that the award of a grant does not establish any entitlement for subsequent years.

11. FINANCIAL PROVISIONS

11.1. General Principles

a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the Union budget. To ensure this, applicants shall indicate the sources and amounts of Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action (Application Form, section 2.1 and 2.2).

b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed. A grant may be awarded for an action which has already begun only where the Applicant can demonstrate the need to start the action before the Grant Agreement is signed. In any case, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

c) Co-financing

Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the Beneficiary's own resources,
- income generated by the action,
- financial contributions from third parties.

d) Balanced budget

The Budget Estimate of the action is to be attached to the Application Form. It must have revenue and expenditure in balance and must be drawn up in euro.

Beneficiaries with general accounts in a currency other than the euro shall convert costs incurred in another currency into euro at the average of the daily exchange rates published in the C series of Official Journal of the European Union, determined over the corresponding reporting period.¹⁰ Where no daily euro exchange rate is published in the Official Journal of the European Union for the currency in question, conversion shall be made at the average of the monthly accounting rates established by the Commission and published on its website (http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm), determined over the corresponding reporting period.

Beneficiaries with general accounts in euro shall convert costs incurred in another currency into euro according to their usual accounting practices.

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the Beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit. Detailed information on subcontracting is provided in the Guide for Applicants.

e) Financial support to third parties

The applications may not envisage provision of financial support to third parties.

f) Non-profit rule

EU grants may not have the purpose or effect of producing a profit within the framework of the action. Profit shall be defined as a surplus of the receipts over the eligible costs incurred by the Beneficiary, when the request is made for payment of the balance. In this respect, where a profit is made, the Commission shall be entitled to recover the percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the Beneficiary to carry out the action.

11.2. Maximum amount requested

The EU grant is limited to a maximum co-funding rate of 90% of the total eligible costs of the action.

Consequently, part of the total eligible expenses entered in the Budget Estimate must be financed from sources other than the EU grant (see section 11.1.c).

The Commission reserves the right to reduce the estimated costs in the Budget Estimate, if they are deemed as ineligible.

11.3. Payment arrangements

A pre-financing payment corresponding to maximum 80% of the EU grant amount will be transferred to the Coordinator after the signature of the Grant Agreement by both parties and in accordance with its terms.

The Commission will establish the amount of the final payment to be made to the Coordinator on the basis of the calculation of the final grant amount. If the total of earlier payments is higher than the final grant amount, the Beneficiaries will be required to reimburse the amount paid in excess by the Commission through a recovery order.

12. PROCEDURE FOR THE SUBMISSION OF APPLICATIONS

Applications must be submitted electronically via the PRIAMOS system in accordance with the formal requirements set out under section 5 and by the deadline set out under section 3, after which the system will not accept any application.

No modification to the application is allowed once the deadline for submission has elapsed. However, if there is a need to clarify certain aspects or for the correction of clerical mistakes, the Commission may contact the Applicant during the evaluation process.

¹⁰ For further guidance on exchange rate please consult the Guide for Applicants.

Failure to respond by the deadline set may lead to rejection of the application. Applicants must take the necessary steps to ensure that they can respond rapidly until the end of the selection process.

Applicants are requested to log in at the PRIAMOS system at http://ec.europa.eu/dgs/home-affairs/financing/fundings/priamos-section/index_en.htm and follow the procedure for submitting an application.

Please note that although the PRIAMOS system is able to deal with many applications at the same time, it is advisable NOT to wait until the last moment to register in the system and submit an application.

Applications submitted via the PRIAMOS system shall not be sent by regular mail or by e-mail. Applications that are not submitted via PRIAMOS shall not be considered for evaluation.

Applications must be submitted using the forms and templates provided. If the forms or templates are altered, the application may be rejected.

Applications for several projects

The Applicant may submit more than one application under this Call for Proposals. Note that if an Applicant wants to submit more than one application under the same Call for Proposals, a different Application Form must be downloaded from Priamos for each application, so that each application has its unique application number.

The Applicant may be awarded more than one grant under this Call for Proposals.

An organisation may participate as an Applicant or Co-applicant in several applications.

Several applications for the same project

Only one application will be accepted and evaluated for any given project.

If the Applicant submits more than one version of the Application Package or of documents contained therein under the same application number, only the latest version submitted will be taken into consideration for the evaluation.

In case there are several applications for the same project with different application numbers, the Applicant (contact person mentioned in the application) will be asked to clarify which application shall be evaluated.
